2022 World Drowning Prevention Day – 25th Jul 2022

On 25/07/2022, Singapore Life Saving Society launched a campaign in honor of World Drowning Prevention Day. As part of the initiative, mirror stickers were printed and distributed to the public to raise awareness about the importance of drowning prevention. These stickers were affixed in prominent locations such as clubs, schools, and condominiums to ensure maximum visibility and impact. The campaign was successful in generating widespread awareness about the issue of drowning prevention.

A total of 44 participants took part in the event, and all successfully completed the challenge. We are excited to continue growing this event and look forward to welcoming even more participants next year in 2023.

24-hour CPR Marathon

Singapore Life Saving Society (SLSS) is proud to be a member of RLSS Commonwealth and committed to participating in a meaningful event on 29/09/2022 at 6pm. We invited members of SLSS to join us at our office located in Kallang Basin Swimming Complex for this one hour event.

In addition, SLSS took the initiative to raise awareness on the importance of CPR and collecting funds through our social media platforms. The funds raised were utilized to provide basic cardiac life support courses to underprivileged and low-income families. Our goal is to create an environment where everyone is equipped to perform this lifesaving procedure in case of an emergency with their loved ones.

Shangri-La Group – Life Saver Competition

On 10/10/2022, Shangri-La Group organized a Life Saver Competition for all lifeguards in four of its hotels. Singapore Life Saving Society was invited to attend the event as a special guest and provide officials to judge the competition. The primary goal of this event was to ensure that lifeguards are trained to meet the required standards and have quick reflexes when responding to actual situations.

The Sports Commission of Singapore Life Saving Society was assigned to conduct the event, with ten participants from Shangri-La group of hotels. This competition provided an excellent opportunity for lifeguards to showcase their skills and learn from one another, ultimately helping to enhance their ability to keep swimmers safe.

THE YEAR AHEAD

As we commence this exciting new chapter in our journey, we would like to share our strategic plan for the year ahead. This plan has been carefully crafted to guide our efforts in promoting water safety and life-saving skills across Singapore, and to ensure that our mission remains at the forefront of all our initiatives.

Community Engagement and Education:

We will intensify our efforts to engage with local communities, schools, and other organizations, conducting awareness campaigns and workshops on water safety, drowning prevention, and life-saving techniques. We aim to establish a robust network of partnerships to expand our reach and make life-saving education accessible to all.

Training and Certification:

Our focus will be on enhancing and expanding our training programs to ensure the highest standards of instruction for lifesavers at all levels. We will collaborate with international life-saving organizations to adopt best practices, refine our curriculum, and incorporate cutting-edge technologies to improve our training methods.

Volunteer Recruitment and Development:

We recognize the indispensable role of our volunteers in driving our mission forward. We will launch targeted recruitment campaigns to attract and retain a diverse pool of dedicated individuals who are committed to life-saving excellence. Additionally, we will provide ongoing support and development opportunities for our volunteers to grow and excel within the organization.

Technological Innovations:

We will explore and adopt innovative technologies and tools that can enhance our life-saving capabilities. This includes the use of advanced equipment for rescue operations, leveraging data analytics for strategic decision-making, and harnessing the power of social media for effective communication and outreach.

Fundraising and Resource Mobilization:

To support the implementation of our strategic plan, we will initiate various fundraising campaigns and events, targeting both corporate sponsors and individual donors. We will also explore grants and government funding opportunities to secure the necessary resources for our initiatives.

Monitoring and Evaluation:

We are committed to maintaining a culture of continuous improvement within the SLSS. To ensure the effectiveness of our programs and initiatives, we will establish a robust monitoring and evaluation framework that will enable us to track our progress, identify areas for improvement, and make data-driven decisions for the future.

Rebranding and Workplan Seminar:

Recognizing the need to stay relevant and adaptive in an ever-evolving landscape, we will undertake a comprehensive rebranding exercise to refresh our organization's image and align it with our future aspirations.

This rebranding will encompass an updated logo, visual identity, messaging, and online presence, ensuring that our brand accurately reflects our values, mission, and commitment to life-saving excellence.

To facilitate a smooth transition and incorporate valuable input from our members, we will organize a Workplan Seminar that will serve as a platform for open discussions, brainstorming, and collective decision-making. This seminar will enable us to gather insights and feedback from our members and stakeholders, helping us refine our strategic direction and foster a sense of ownership and shared purpose within the organization.

We encourage all our members to actively participate in the Workplan Seminar and contribute their ideas and suggestions for the rebranding process. Your involvement will not only ensure a successful rebranding but also reinforce our collective commitment to the continued growth and success of the Singapore Life Saving Society.

We are confident that, with your unwavering support and active participation, we can successfully execute this ambitious plan and continue to make a meaningful impact on water safety and life-saving education in Singapore. Together, let us work towards a safer, more resilient community where everyone possesses the knowledge and ability to save lives in and around water.

RESERVES POLICY

The reserves that we have set aside provide financial stability and the means for the continuance and development of our activities. We intend to maintain our reserves at a level that is at least equivalent to 3 years of annual operating expenses so that we have the necessary buffer in the following manner (at the appropriate time):

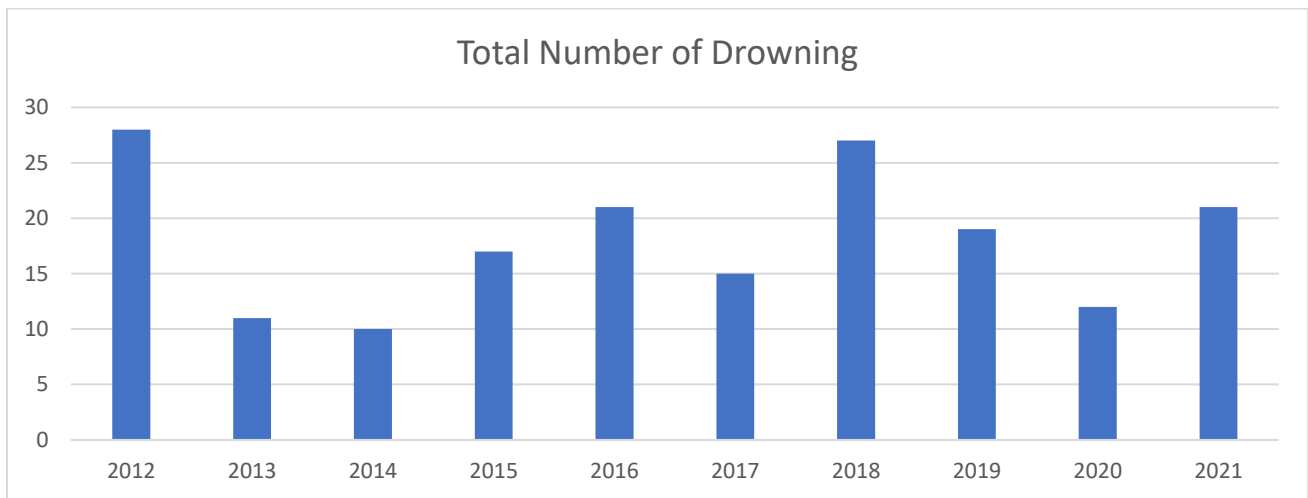

- a. As a buffer in financially challenging years
- b. To fund developments and new initiatives
- c. To fund purchases of property and rescue and other equipment

The Executive Committee reviews at least on an annual basis the number of reserves that are required to ensure that they are adequate.
